SCHOOL DISTRICT

Did You Know...

Your wellness platform vendor has changed!

We are very excited about this transition and look forward to sharing more details with you ASAP!

Quick Reminder

You'll follow the same simple process as before when it comes to downloading the form, and bringing it to your preventive care visit for signature. The only difference is a new and improved wellness portal!

An updated wellness form formatted for the new system will be available soon on the <https://mycmsdbenefits.com> portal. We will alert you when the new form is ready.

We've also made enhancements so now upon submission, your wellness credit should be reflected in Workday sooner!

What Should I Do Now?

- If you already submitted your form to PeopleOne for 2027 and your credit appears in Workday for next year, then you're good to go!
- If you haven't completed a preventive exam yet between 11/1/25-10/31/26, keep an eye out for additional announcements regarding when the form will be available and instructions on how to access the new portal!

To keep up to date on the wellness portal and instructions, visit <https://mycmsdbenefits.com> or scan the QR code for more information!
