September 2026

CLEVELAND METROPOLITAN SCHOOL DISTRICT

Did You Know...

Your wellness platform vendor has officially changed to Cincy Healthworks!

We are very excited about this transition and believe this process will be even smoother than in prior years.

Same Great Benefit - Easy Submission Process

Much like last year, you will not need to submit a Physician Certification form in order to receive your 2027 wellness credit! To make this possible, we've partnered with our Medical carrier, Aetna, to remove the need for form completion, account log-ins, and online submissions.

You will need to print the wellness form from the wellness page of the mycmsdbenefits.com website and then follow the instructions outlined within. The updated form that reflects our new vendor, Healthworks, can be found on the website. Please make sure you use that form moving forward, and not old forms you may have saved to your computer from prior years.

Remember, this step only matters if your preventive exam was coded by your provider as "Diagnostic." If your provider marks your exam as "Preventive" then you do not have to take any steps or submit anything to the wellness portal.

Eligible Preventive Care Tests

Complete any of the below to earn!

- Routine Physical/Wellness Exam
- Routine Colonoscopy
- Routine Mammogram
- Routine Pap

INTEGRATED HEALTH 21 | HealthWorks Central Division

At this time, non-bargaining staff and the following bargaining groups have opted-in to this expanded wellness credit program: SEIU 1199, Local 777, Local 860, OPBA, Trades, and Local 436. The Cleveland Teacher's Union has elected to continue under the existing wellness credit program - CTU Members will continue to submit their forms the same way as in prior years.
